

# Small Field – More yield

*Experience & insights to challenge mechanization in Africa*

---

Dr. Matthew Mbanga

# Regenerative Agriculture

---

- **Minimal Soil Disturbance**  
(No ploughing)
  
- **Maximum Soil Cover**  
(No burning, no free-ranging livestock)

# Farming as a Business

---

- **Multiple Species**

(Crop rotations)

- **Management**

(Planning, preparation, punctuality, productivity)

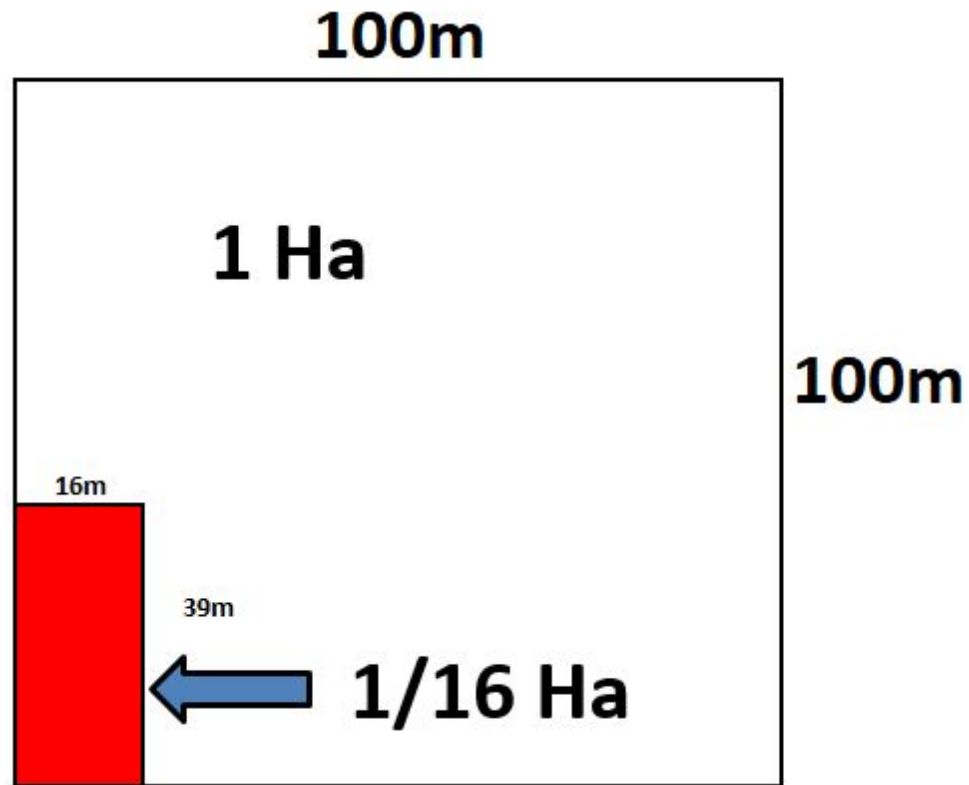

- **Movement of Livestock**

(Planned grazing)

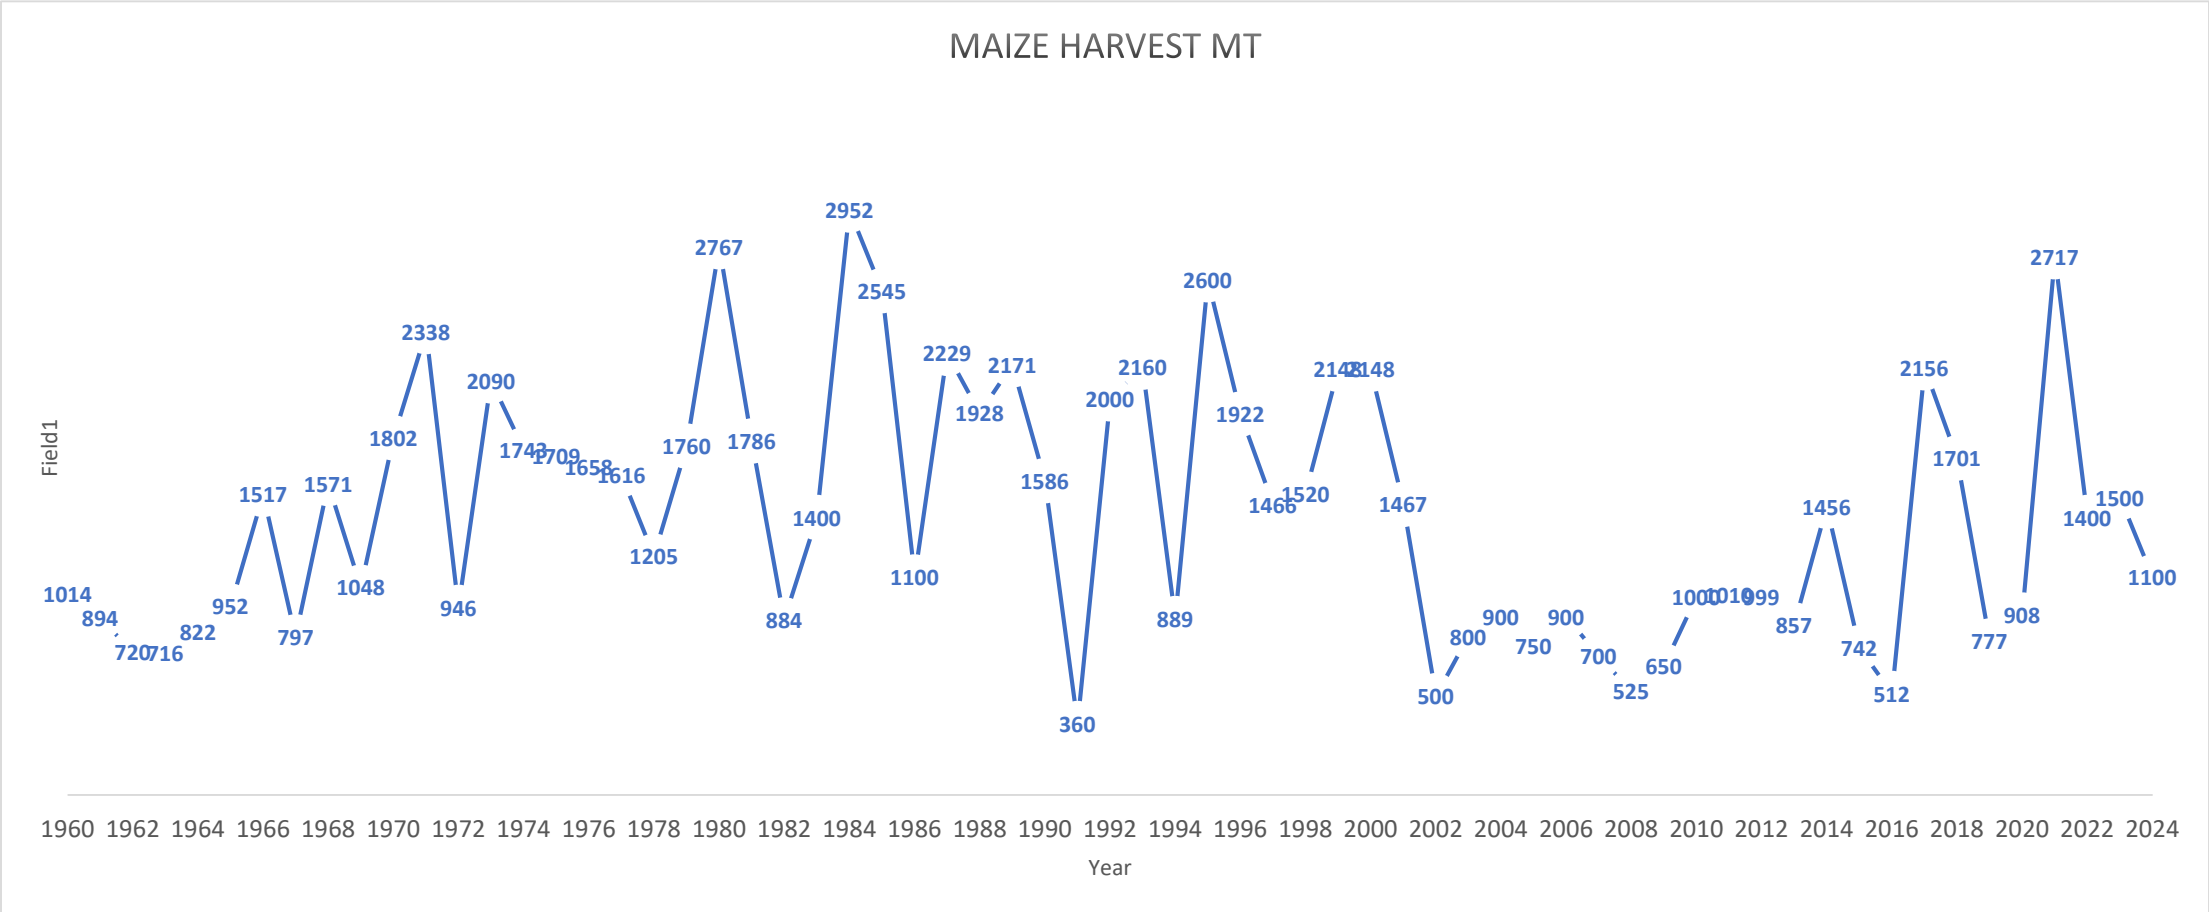

# Small Field - More Yield

- Simple
- Manageable
- Applicable
- Long-Lasting

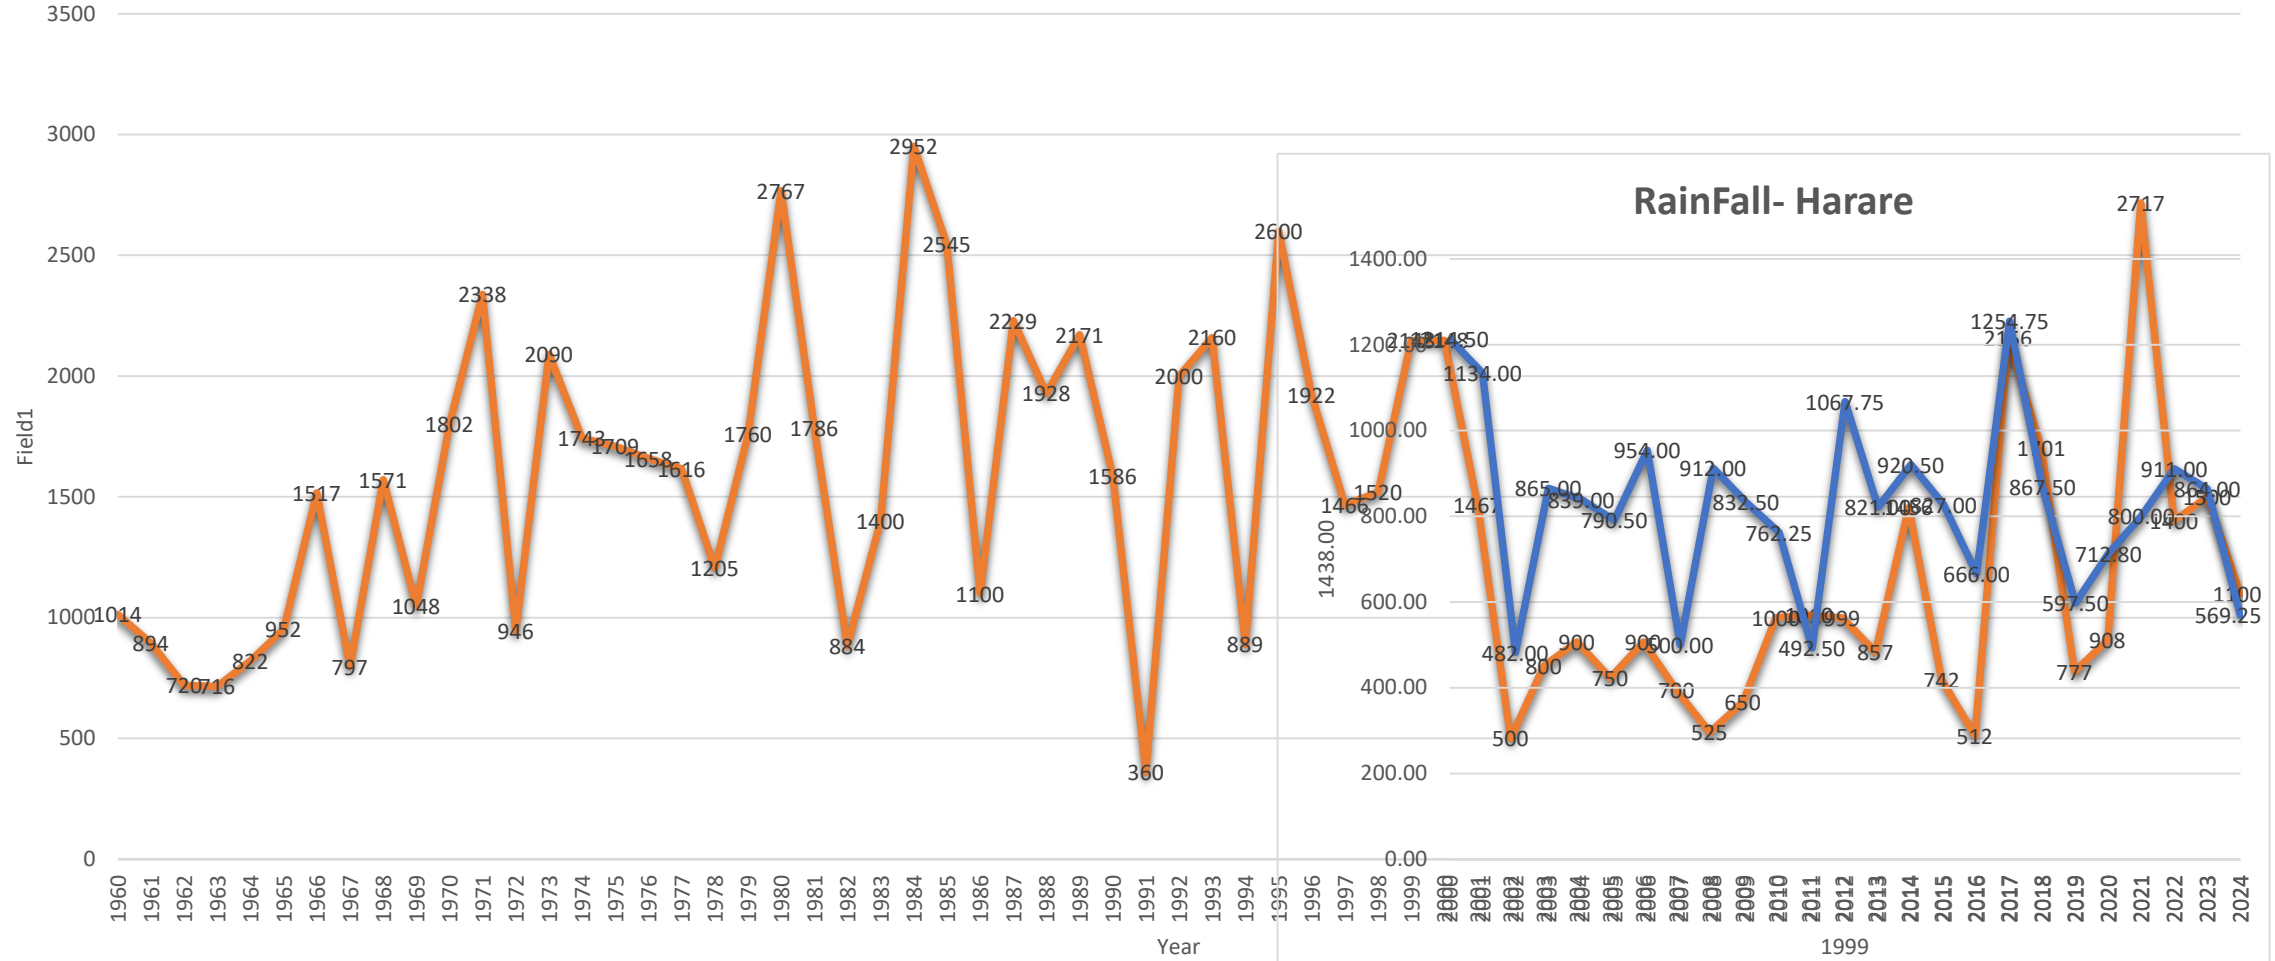

SMALL

# Pfumvudza (New Season)

# Maize Harvest MT

# Challenges to scaling *Pfumvudza*

---

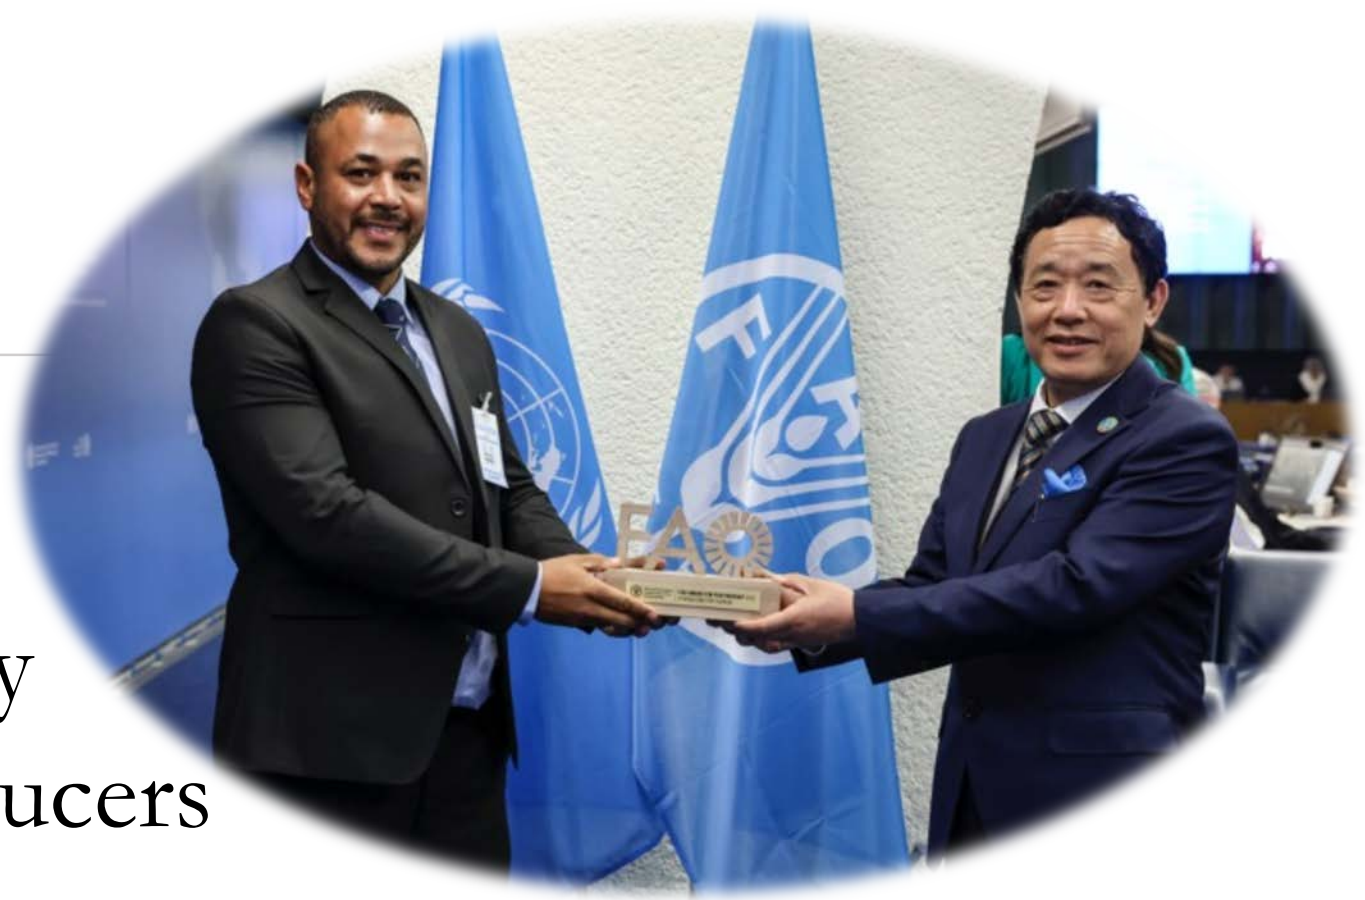

- Misconceptions
- Food handouts
- Mechanization

# FAO Audit

---

- 9 million people fed
  - 60% Trained Remotely
  - 40% Small-Scale Producers
- 
- FAO Partnership Award 2022
  - Presidential Commendation 2021

# Lessons

---

- Invest in Remote Training
- Climate Adaptation: 5M's
- Applicable Technology
- Policy Support

# Thank you
